Re: Gulfco Marine Maintenance Superfund Site, Freeport, Texas

The proposed additional subcontractor is Fugro Consultants, Inc., for cone penetrometer testing. With this letter, the EPA approves the proposed subcontractor. Therefore, the Respondents are authorized to proceed with the on-site work in conjunction with the remedial investigation and feasibility study activities.

If you have any questions, please contact me at (214) 665-8318, or send an e-mail message to miller.garyg@epa.gov.

Sincerely yours,

Gary Miller, P.E.
